

Shell Plates

Shell plates for Lock-N-Load AP and Pro-Jector™ are available to fit the calibers listed, but are only a partial list of calibers you can load with our shell plates. Each shell plate will also hold additional calibers with the same case head dimensions. (Custom plates are also available.)

Shell Holders

Our Shell Holders are precision machined from solid steel then heat treated to perform flawlessly for the life of the press. They fit all other Hornady accessories (Case Trimmer, Hand-Held Priming Tool, etc.) so there are no special shell holders to buy. Hornady steel shell holders also fit most other brands of reloading presses. See complete listing below.
